COMPLETE FLUID MAINTENANCE SPECIALS

PREMIUM OIL CHANGE

Chemically cleans oil passages, removing sludge and varnish and includes Wynn's Supreme Plus formulated to prevent excessive engine wear.

COOLING SYSTEM FLUSH

Chemically cleans the cooling system, removing acid build-up that is damaging your engine from the inside out. Includes new coolant and a conditioner to seal and lubricate the cooling system.

TRANSMISSION SYSTEM SERVICE

Chemically cleans the transmission, removing sludge and varnish build-up and replaces ALL of the transmission fluid (including the torque converter).

POWER STEERING FLUSH

Removes contaminants and lubricates seals, extending the life of the power steering pump, rack and pinion and/or steering gear box.

BRAKE SYSTEM FLUSH

Replaces ALL brake fluid, removing the moisture and dirt contaminants, extending the life of your master cylinder, calipers, wheel cylinders and anti-lock brake components while reducing braking distance.

FUEL SYSTEM CLEANING

Cleans fuel injectors and combustion chamber, giving your engine more power; you'll save money through better fuel economy and reduced emissions.
