TIREMAN AUTO SERVICE CENTERS PRO RATA ROAD HAZARD
LIMITED WARRANTY
Effective 01/15/2020

To qualify:
You must be the original purchaser of the tires.
You must have purchased the tires from a Tireman location.
You must present the tire and your original receipt to a Tireman Auto Service Centers location.
You must be willing to sign the warranty claim form.

What is covered? (Included) ("Eligible Tire")
A "Road Hazard Failure" is defined as a tire that becomes unserviceable due to cuts, snags, non-repairable punctures or impact damage. This warranty covers Road Hazard Failures in only the following types of tires: Passenger, Light Truck and Performance tires with a 40 series aspect ratio and higher.

This warranty is valid for 36 months from the date of purchase ("Coverage Term").

(Some states do not allow limitations on how long an implied warranty lasts, so the above limitation may not apply to you)

This warranty is valid for tires that have 3/32 of an inch of tread or more remaining. The tire is considered worn out at 2/32 of an inch of tread. Tread measurements are always taken across the face of the tire and the lowest measurement is used. This warranty provides credit based upon usable tread remaining at the time of the Road Hazard Failure. Useable tread is defined as the original tread depth less 2/32 of an inch (tread wear indicators).

Flat Tire Repair: If during the Coverage Term an Eligible Tire is damaged due to a Covered Road Hazard and can be safely repaired per approved industry methods and guidelines, and there is more than 2/32" of tread remaining, the tire will be repaired at no charge. The coverage will remain in effect for the repaired tire for the remaining Coverage Term or until 2/32" or less of tread remains, whichever occurs first.

Tire Replacement: If during the Coverage Term an Eligible Tire is damaged due to a Covered Road Hazard and cannot be safely repaired per approved industry methods and guidelines, and there is more than 2/32" of tread remaining, it will be replaced with an exact make/model of tire if available, including applicable mounting, balancing, and installation onto the vehicle ("Replacement Tire"). If the exact make/model of tire is not available you will receive a tire of comparable value. The price of the Replacement Tire will be the current retail selling price, plus the Warranty Processing Fee, less the Prorated Road Hazard Credit as calculated below, plus applicable sales tax and governmental fees.

How to calculate the "Prorated Road Hazard Credit":
Measure the remaining tread in three locations across the tread face. Use the lowest reading. Obtain the original tread depth. Consult the Adjustment Treadwear Chart on the Tireman Adjustment procedure website. Find the intersection of original and remaining tread. This is your percentage worn. Multiply this percentage by original price paid (using customer’s original receipt) for the tire. This is the credit amount the customer receives towards a new tire at today’s current selling price. Additionally, the customer will pay a minimum fee for warranty processing, mounting, and balancing ("Warranty Processing Fee"). This fee is currently $24.99 as of 01/15/20.

What is not covered? (Excluded)
1. Tire damage or failures due to:
   - Vandalism.
   - An unauthorized accident.
   - Commercial use.
   - Racing.
   - Off Road use.
   - Irregular or rapid wear.
   - Flat spotting from towing or prolonged parking.
   - Worn mechanical components or misalignment.
   - Your misuse of your vehicle.

2. Tires transferred from the vehicle they were originally installed on.

3. Low profile tires with less than a 40 series aspect ratio and Michelin PAX tires, tires and wheels of similar construction and purpose, or any other run flat technology tires.

4. Loss of your time, your inconvenience, loss of use of your vehicle and all other consequential and incidental damages are not covered. (Some states do not allow the exclusion or limitation of incidental or consequential damages, so the above limitations or exclusions may not apply.)

Tireman Auto Service Centers
1549 Campbell Street
Toledo, Ohio 43607

This warranty gives you specific rights, and you may also have other rights which vary from state to state.

*Tire Repairs: Applies to passenger & light truck non-commercial vehicle tires mounted on O.E. wheels (Run=Flat excluded). TPMS may be extra. Repaired within RMA guidelines.
